## Thrive Without Judgement

"I feel like I can get along with more people now. I feel like I'm able to talk to people just because I know there's no reason to be judged." -Alyssa M.  
Class of 2023

When Alyssa found out she was pregnant, she was afraid and didn't know what to do. However, her situation improved when she discovered Florence Crittenton Services, a non-profit and high school in Denver designed for teen moms just like her.

After enrolling at Florence Crittenton High School, Alyssa found herself surrounded by teachers, classmates, and staff who understood the unique challenges of being a teen mom and a student. She felt like she finally belonged.

This program not only boosted her confidence but also showed her that she is more than just a "teen mom." With support from FloCrit, Alyssa transformed from feeling embarrassed about her situation to owning her identity. Florence Crittenton gave her all the support she needed to handle both being a teenager and a mom. Alyssa graduated in May 2023 and is now studying Criminal Justice at the Community College of Aurora.

At FloCrit, teen moms like Alyssa have access to resources that help them overcome obstacles and focus on creating a successful future for their families. If you or a young parent you know are interested in FloCrit, scan the QR code on the back of this brochure!
